Re: Freedom of Information Request FOI 4047

We are writing in response to your request submitted under the Freedom of Information Act, received in this office on 23rd September 2019.

Your request was as follows:

how many of the following device - PCS2 Plasma Collection System from a company called Haemonetics - the trust has used over the last 10 years and how many of these devices are currently in operation.

Please provide a figure for each year over the last 10 years. If possible, please also state how many patients have had this device used on them.

The current EBME provider to The Walton Centre Foundation Trust (WCFT) took over from the previous provider in April 2018, therefore we do not have records going back 10 years. On our WCFT asset management database we do not have any Haemonetics devices or Model PC S2 Plasma Collection System. The previous EBME database didn't indicate ownership of any of these devices either.

Please see our response above in [blue](#).
