**Re: Freedom of Information Request FOI 4176**

We are writing in response to your request submitted under the Freedom of Information Act, received in this office on 06th January 2020.

Your request was as follows:

I would like to know the amount of cases in A&E over the last year Jan 01 2019 - Dec 31st 2019, that have involved a person below the age of 10-years-old arriving in A&E at this trust due to having swallowed a foreign object. I would also like this information for the same request and time frame for 2015, 2016, 2017 and 2018.

I would also like this data in a spreadsheet with cases broken down by date, location, age and gender, if possible. Also, if possible, what the object was that had been swallowed in each case.

[The Walton Centre NHS Foundation Trust is a Specialist Neuroscience Tertiary Care Centre; we do not have an Accident & Emergency Department, therefore we cannot provide this information.](#)

Please see our response above in [blue](#).

Under the terms of the Regulations, the Trust will licence the re-use of any or all information supplied if being used in a form and for the purpose other than which it was originally supplied. This license for re-use will be in line with the requirements of the Regulations and the licensing terms and fees as laid down by the Office of Public Sector Information (OPSI). Most licenses will be free; however the Trust reserves the right, in certain circumstances, to charge a fee for the re-use of some information which it deems to be of commercial value.
