Re: Freedom of Information Request FOI 4805

We are writing in response to your request submitted under the Freedom of Information Act, received in this office on 13th July 2021.

Your request was as follows:

For each month between (and including) January 2018 and June 2021, please could you tell me the mean average number of days to elapse between a patient being assessed by your CAMHS service and that patient having their first appointment with an appropriate specialist as part of an ongoing treatment plan under CAMHS (as opposed to an appointment with a non-specialist; or supportive care while waiting for therapist availability; or an unscheduled call, letter or other contact that does not qualify as a treatment appointment)?

For each month, please could you specify which specialist or specialists were in attendance at those first treatment appointments, expressed as percentages of the total number of first treatment appointments that month (eg, 74% of patients had their initial appointment as part of an ongoing treatment plan with a clinical psychologist, 20% with a CBT therapist etc)

The Walton Centre NHS Foundation Trust is a Specialist Neuroscience Tertiary Care Centre; we would not receive referrals to treat children, therefore we cannot provide this information.

Please see our response above in [blue](#).
