Re: Freedom of Information Request FOI 5945

We are writing in response to your request submitted under the Freedom of Information Act, received in this office on 20th September 2023.

Your request was as follows:

I would like to request some information about your organisation under the FOI act. This request is related to a personal project related to my education.

The subject of my request is outsourced radiology reporting via 'teleradiology' companies of CTs, X-rays, MRIs, PET-CT and any other diagnostic scans.

Q1. So far in 2023 have you outsourced any scans to teleradiology providers for reporting? If so, which providers?

Q2. Which company would you consider (by volume of scans or frequency used) your emergency/out of hours reporting provider(s)?

(If more than one company, please outline the nature of how both companies are used (i.e., different hospitals, weekends and weekdays, different types of scans)).

Q3. By the same measure as Q2, which would you consider your primary/main elective/non-emergency reporting provider(s)?

Q4. For any providers not listed in Q's 2 and 3, please could you briefly describe what you utilise this provider for?

Q5. Please could you provide the contract end dates for any contracts you hold with the providers listed in the answers to the above questions?

(If the contract is rolling or does not have a fixed end date, please could you confirm the notice period/terms of terminating the contract?)

Q6. Are the Trust currently in an open tender exercise for any radiology reporting contracts/services? If so, what services are being reviewed (emergency/out of hours and/or elective/non-emergency)?

I can confirm in accordance with Section 1 of the Freedom of Information Act 2000 (FOIA) that we do not hold the information you have requested as the Walton Centre NHS Foundation Trust do not use teleradiology services. Therefore, we cannot provide this information.

Under the FOIA, we are not required to create this information in order to answer your request. I should explain that the FOIA is to do with transparency of information held by public authorities. It gives an individual the right to access recorded information held by public authorities. The FOIA does not require public authorities to generate information, or to answer questions, provide explanations or give opinions, unless this is recorded information that they already hold.

Please see our response above in [blue](#).

This license for re-use will be in line with the requirements of the Regulations and the licensing terms and fees as laid down by the Office of Public Sector Information (OPSI). Most licenses will be free; however the Trust reserves the right, in certain circumstances, to charge a fee for the re-use of some information which it deems to be of commercial value.
